Dear Property Owner,

This form should be completed by the property owner or a duly authorized agent. The information requested is for calendar year (CY) 2005, to be considered for the 2007 assessment for your property.

Why does the City need this information? In order to assess property, generally accepted real estate appraisal standards require consideration of the property's income-producing capability when fair market value is being estimated.

When is the form due? This form must be returned to the Department of Real Estate Assessments, or postmarked by the U.S. Postal Service, by May 1, 2006. Information reported will be kept strictly confidential under the stipulations of Section 58.1-3 of the Code of Virginia.

What are the consequences if I do not complete and file this form? Failure to provide this information as requested will prevent the property owner from protesting the real property assessment to the Department, the Alexandria Board of Equalization, and the Alexandria Circuit Court based upon the income or expenses attributable to the property for the assessment year affected. Details and exceptions are given in the following paragraph.

Pursuant to authorization derived from Section 58.1-3294 of the Code of Virginia, the City of Alexandria requires owners of income-producing real estate to furnish the Department of Real Estate Assessments with statements of the income and expenses attributable to the real estate. The only exceptions listed in Section 58.1-3294 to the requirement to report income and expense information are "...property producing income from the rental of not more than four dwelling units, and except property being used exclusively as an owner-occupied property, not as a hotel, motel or office building over 12,000 square feet, and not engaged in a retail or wholesale business where merchandise for sale is displayed..." The failure of an owner to furnish the Department of Real Estate Assessments with a statement of income and expenses for all income-producing property not qualifying under one of the exceptions listed in the preceding sentence "...shall bar such owner or his representative from introducing into evidence, or using in any other manner, any of the required but not furnished income and expense information in any judicial action brought under Section 58.1-3984."

Who do I call with questions? Please call 703.838.4646 between 8 am and 5 pm, Monday through Friday.

Sincerely,

Cynthia A. Smith-Page, ASA

Director
